President's Message

I hope everyone has had a Merry Christmas and a Happy New Year. These words are repeated often and then are too often forgotten as the months go by. The smiles and good cheer of the holidays have no reason to fade unless we let it happen. I was reading the latest issue of the Silverton Flywheels newsletter (edited by our club's own Brian Littlefield) before my attention. It simply said a of laughter attracts more is active in the community at Friday car show each month receive the Flywheels really read it you find fun and this club. The members all the play and with smiles and success. Our Model A club is

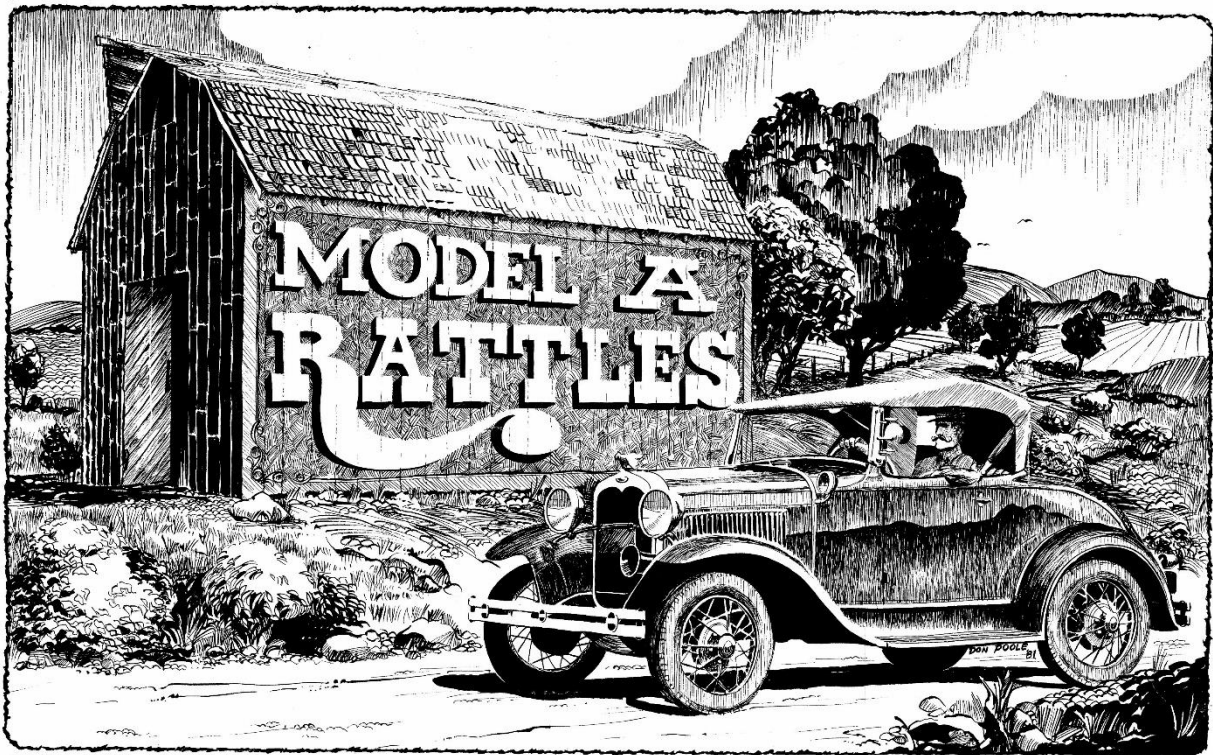

and the play being shared with like-minded friends. The November swap meet is always lots of work and we don't always realize we are having fun at 6:00 a.m. Our swap meet is known for being the friendliest, and one of the most successful around. Coincidence? Let's carry that attitude in to 2017. It can and will be a fun year if members pitch in with ideas, enthusiasm and leadership to produce programs for the meetings, tours and all the fun stuff we have enjoyed in past years. Special thanks to those that have already volunteered.

Will you be part of it?

If this seems familiar & you think I have the wrong year, it was written one year ago. But it still is all true. We had lots of fun in 2017 & it will only happen again in 2018 with club members pitching in.

Martin Harding
